

## What Do We Provide?

Premier Estimation Services offers high quality and efficient estimate management for your claims. This includes scheduling, inspecting, and writing a professional custom estimate for the PA or firm. ## **Meet The Premier Team:**

**Alyis Mursuli (Owner)**

### **3-20 Licensed Public Adjuster, Xactimate Level 2 Certified**

“I began my claims adjusting journey in 2022 and was able to gain ample experience throughout the Hurricane Ian disaster on the west coast of Florida. It was throughout this time that I realized just how backed up adjusters were when it came to their estimates. These adjusters were using 3rd party estimation services with no return time frame guarantee, this led to months going by without an estimate being submitted. I started Premier Estimation Services to facilitate a smooth claims process for the adjusters and the insured by providing accurate and timely estimates. At the end of the day, the most important aspect of this job is to get the insured what they are entitled to as quickly as possible and that is our #1 goal. As a public adjuster I understand the stress that can arise throughout the life of a claim and I am proud to provide this service to PA’s and homeowners throughout Florida.”
